Director's Message

We wish to introduce ourselves as one of the successful ISO certified MEP contracting companies in UAE .We are specialized in HVAC, Plumbing, Electrical, ELV, Firefighting and Fire Alarm systems. We hold capabilities in design, Engineering, Construction, Testing, Commissioning and Maintenance of MEP systems. We have also successfully completed and handed over various Fit out Projects from reputed clients in diversified sectors.

We have a team of dedicated, experienced Managers, Engineers and skilled workforce to deliver the projects on time as per the expectations of the valuable clients. We do follow our environmental responsibility to manage, execute and handover the projects following the Green Building practices. We ensure that the projects are delivered on time within the budget to the highest market standards.

Anzar Abdulkhalam
Managing Director
anzar@wellworthtc.com

Company Profile

Wellworth Technical Services is a UAE based ISO certified MEP Contracting company founded in 2009. Since its inception, Wellworth has now grown to become one of the successful and trustworthy Mechanical, Electrical & Plumbing (MEP) companies in UAE. Wellworth holds capabilities in Design, Engineering, Construction, Testing & Commissioning and Maintenance of MEP systems. We are also professionals in executing Fit outs, Retrofit & Refurbishment projects and Data Centre end user jobs to meet the client requirements.

Wellworth is committed to deliver MEP services with excellence in quality and reliability. We provide high quality workmanship in a timely and safe manner to our valuable clients. We are committed to the environmental responsibility to ensure that the projects follow Green Building practices. Wellworth is highly specialized in HVAC systems where we offer dedicated service in rectification of Air- conditioning and Refrigeration equipments/accessories, annual maintenance contracts and 24 hours mobile maintenance workshop.

Our project management team works closely with client representatives to fulfill the project requirements within the budget, time and to the highest market standards. Wellworth earns reputation for quality and expansion mainly through repeated references from our existing potential clients. Our employees have in depth technical knowhow and strong technical skills enabling us to provide the right technical solutions for the execution and completion of the MEP projects.

Our Vision

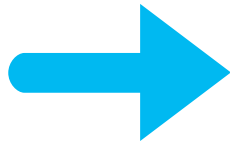

To be a trusted and leading MEP Company in Middle East by delivering large-scale, technically complex ,time-frame projects by offering the highest standards of quality and reliability with long term professional relationship.

Our Mission

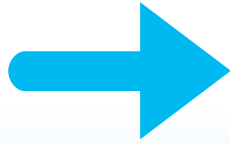

Our mission is to provide cost efficient services meeting expectations and requirements of our customers by focusing on safety, quality and timely implementation of our projects.

Wellworth provides comprehensive engineering solutions focusing on our project divisions in diversified sectors.

Wellworth also holds authorized dealership for CARRIER & RHEEM HVAC equipment.

HVAC SERVICES

HVAC Division undertakes the design, engineering, installation, testing, commissioning and maintenance of air conditioning and ventilation systems. This division is managed by professionals with vast experience in the field. Apart from comfort air conditioning, the HVAC division has also successfully completed projects demanding precise temperature and humidity controlled conditions. Completely set with expertise and excellence, we aspire to meet all the needs and wants of the industry through perfectly structured service system that comply with international quality standards. With continuous upgradation and alignment with trends and technologies, we are striving hard to be among the top HVAC contractors in Dubai, to fulfill the HVAC services efficiently and economically.

WELLWORTH's HVAC division has in-house facility for all kind of duct fabrication under supervision of well experienced team to cater the in-house projects as applicable.

Our services include:

- Central Chiller Plants & Management Systems
- Split Ducted DX system
- Package Unit DX system
- District Cooling System
- Fresh Air Handling Units & Air Handling Units
- Precision Control Cooling System
- Fan Coil Units
- Extract and Ventilation system
- Chilled Water Piping System
- Refrigerant Piping System
- Valve Packages
- Condensate and Chilled Water Treatment Systems
- Ducting Systems (GI, PI, MS, SS)
- Thermal Insulation (Ducting & Piping)
- Aluminium Cladding (Ducting & Piping)
- Heat Exchanger System
- Air Curtains
- BMS (Building Management System)
- Testing and Commissioning

MECHANICAL SERVICES

Our Mechanical engineering division is capable of understanding unique requirement of each project and offers complete solution which includes System Design & Project execution with stringent quality.

Our services include:

- Drainage (Soil, Waste & Vent) Systems
- Sanitary ware Installations
- Hot and Cold Water Systems
- Sectional, Cylindrical Water Tank Systems
- Domestic Water Pump (Transfer, Booster, Irrigation & Circulation) Systems
- Domestic Water Filtration System
- Solar Water Heating System
- Water Tank Cooling Systems
- UPVC, PPR, HDPE, Copper, SS , GI & Ductile Iron Piping Systems
- Sound Proof Piping & Acoustic Insulation
- Perforated Piping and Soak Away Systems
- Storm Water and Rain Water Drainage Systems
- Grease Interceptors & Grease Trap Drainage Systems
- Welding of Mild Steel and Stainless Steel Work Systems
- Fabrication Works
- LPG Installations
- Leak Detection Systems
- Compressed Air Pipe Work Systems
- Chlorination & Disinfection Systems
- Swimming Pool/Steam Room/Jacuzzi Systems
- Testing and Commissioning

FIRE FIGHTING & FIRE ALARM SERVICES

Fire Fighting Division is well equipped to undertake projects including sprinkler systems, wet riser systems, fire hydrant system, deluge foam/water systems and clean agent fire suppression systems. We undertake the fire fighting systems installations and hand over the systems with authority approvals in co-ordination with respective authorized subcontractors.

Our services include:

- Automatic Sprinkler System
- Wet Riser System
- Jockey, Electrical and Diesel Fire Pumps
- Clean Agent Fire Suppression Systems
- Foam Fire Suppression System
- Pre Action System
- Water Mist Fire Suppression System
- Deluge Water Spray System
- VESDA Systems (Very Early Smoke Detection Apparatus)
- Smoke Ventilation System
- Smoke Curtain System
- Fire Alarm and Voice Evacuation System
- Emergency and Exit Lighting System (Standalone & Central Battery System)
- Testing and Commissioning

ELECTRICAL SERVICES

Electrical Division is headed by professionals and skilled technicians capable of in-house design, installation and maintenance of low voltage, fire alarm and emergency lighting systems. Expert and efficient involvement of our engineers and site installation teams provide positive influence to overall success of every project. We undertake complete Electrical installations for high rise commercial & residential buildings, hotels, luxury villas, industrial complexes, warehouses etc.

Our services include:

- Low voltage Panels (MDBs, SMDBs ,DBs& Control panels)
- Bus Bar System
- Lighting and Lighting Control Systems
- Low Voltage Power Installations
- All Cabling Installations
- UPS and Generator Systems
- Containment, Ladder Racks, Trunking and Ducts Installation
- Earthing & Lightning Protection Systems
- Testing and Commissioning

ELV (EXTRA LOW VOLTAGE) SERVICES

We undertake complete ELV installations for high rise commercial & residential buildings, hotels, industrial complexes, warehouses, luxury villas etc. Beyond standard client demands, we ensures that our electrical and low current engineers work as cohesive and integral pieces of the design process to offer newer and custom services to clients seeking avant-garde solutions.

Our services include:

- Structured Cabling System
- Telephone and Data Systems
- Closed Circuit Television Systems (CCTV)
- Access control and Intruder Alarm Systems
- Public Address System
- AV System
- Intercom System
- SMATV System
- Home Automation System
- Guest Room Management System
- Testing and Commissioning

MAINTENANCE SERVICES

We provide preventive maintenance and periodic servicing of HVAC, electrical, plumbing and firefighting works under annual maintenance contract for residential & commercial buildings, villas, shopping malls, industrial establishments etc. We have well equipped 24 hours mobile workshop for maintenance.
